MOLESKIN  
TRIPLE-BIOTIC OINTMENT

## About the Project

This project is put together by a group of individuals as their volunteer project for the Manitowoc Chamber Leadership Program. For the project, they are partnering with the Manitowoc County Warming Shelter at First Presbyterian Church to collect travel-size hygiene products along with other needed items. We hope to alleviate some of the stress that the Warming Shelter faces, while also providing others with basic necessities that are often taken for granted.
